by 12" wide
Sun
Color: White
July August September October

1997 Fleuroselect Medal winner. Handsome addition to bouquets. Silky, speckled 1-2" blooms grow in sprays on willowy gray stems. Prefers cool growing conditions with best results from direct seeding. Caution...seeds are poisonous if eaten.

Cut Flower Garden Varieties by Botanical - Details
 Spring Ledge Farm - 37 Main St. New London, NH 03257

Agrostema

githago Purple Queen

24-36" tall
 by 12" wide
 Sun
 Color: *Rosy Purple w/white center*
 July August September October

1997 Fleuroselect Medal winner. Handsome addition to bouquets. Silky, speckled 1-2" blooms grow in sprays on willowy grey stems. Prefers cool growing conditions with best results from direct seeding.

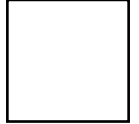

Amaranthus

Love lies bleeding

caudatus Red Tails

tall by
 wide
 Sun
 Color: *Scarlet red*
 July August September October

A. caudatus produces many 8-14" pendulous flower spikes suitable for drying.

cruentas Hot Biscuits

40-48" tall
 by 18" wide
 Sun
 Color: *Burnt Orange*
 July August September

Gorgeous burnt orange color. A tall, graceful amaranth. Nice in the back of the garden with warm color that adds to harvest arrangements and bouquets.

hybridus Opopeo

70-78" tall
 by 36" wide
 Sun
 Color: *Bronze foliage, maroon flowers*
 July August September October

Colorful spikes resemble a jester's cap. Striking bronze foliage. Original seed from the Mexican village of the same name.

hypochondriacus Green Thumb

12-24" tall
 by 12" wide
 Sun
 Color: *Green*
 July August September

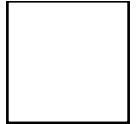

Popular fresh and dried flower. Colorful upright spikes.

hypochondriacus Pygmy Torch

12-24" tall
 by 12" wide
 Sun
 Color: *red-violet*
 July August September

Popular fresh and dried flower in Holland flower markets. Colorful 12-24" upright spikes.

Ammi

Queen Anne's Lace

majus

30 tall by
 12 wide
 Color: *White*
 July August September

White Dill - similar in effect to Baby's Breath and easier to grow. Flat headed cluster - six inches across. White umbels.

Anethum

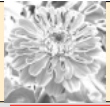

Dill

graveolens Superdukut

tall by
 wide
 Sun
 Color:

Slow Bolting variety of dill used in our fields at Spring Ledge.

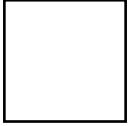

Angelica

archangelica

6' tall by
wide
Sun/Shade
Color: White
July August

Archangel

A large plant growing to 6' with broad toothed leaves. In its second year spectacular white flowers emerge in the summer. To keep the plant growing another year, cut the flowers off before they set seeds. The plant will be biennial if the seed is produced. Grows in Sun to partial sun. Hardy zones 3-7. New for 2003.

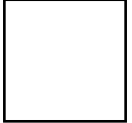

Angelonia

augustifolia hybrid Serena Mix

10-12" tall
by 12" wide
Sun
Color: Mixed pinks, purples, whites
June July August September

Angelonia

New for 2006. The first angelonia series from seed rivals the quality of the vegetatively propagated angelonias. Heat loving, snapdragon-like flowers bloom all over the plants in mid to late summer. No deadheading required.

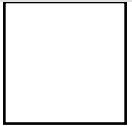

Antirrhinum

majus Appleblossom

2-3' tall by
12" wide
Sun
Color: White w/ pink markings
July August September

Snapdragon

A tall cutting snapdragon with white flowers marked w/ pink on the edge of the throat.

majus Axiom Series

tall by
wide
Sun

September October

oleracea Crane Red

Cut Flower type flowering cabbage. Pinch plant early for multiple blooms.

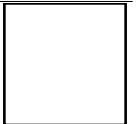

24" tall by
8" wide
Sun
Color: Red
September October

oleracea Sunrise

Something new for 2001 to add to cut flower cool-season bouquets. Small-headed leaf-type cabbages are surprisingly simple to grow wherever temperatures become sufficiently cool (like here in NH). Very long vase life.

24" tall by
12" wide
Sun
Color: Creamy white w/ light pink center
August September October

oleracea Sunset

Something new for 2001 to add to cut flower cool-season bouquets. Small-headed leaf-type cabbages are surprisingly simple to grow wherever temperatures become sufficiently cool (like here in NH). Very long vase life.

24" tall by
12" wide
Sun
Color: Red Center
August September October

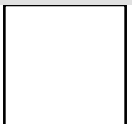

Briza

Ornamental Grass

maxima Large Quaking Grass

Graceful, pendant seed heads rustle in the breeze. 2 1/2 inch panicles of rattle-like seed heads on strong stems. Useful as filler in fresh and dried bouquets.

18-22 tall
by 12 wide
Color:
June July August September

Bupleurum

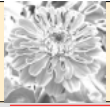

Bupleurum

griffithii Green Gold

Very like a Euphorbia in flower, yet has leaves like a Eucalyptus. Use in the border in sun or fairly shaded areas. Great form and coloring. Abundant material for cutting and arranging.

12-18" tall
by 12" wide
Partial Sun
Color: Green gold

Calendula

officinalis Kablouna Mix

18-24" tall
by 18" wide
Sun

Color: *Mix of yellows/golds*
July August September October

This formula mix contains some of the most complex flowers and unusual colors of calendula. A halo of apricot, gold, red and rare white surrounds gold, orange and dark centers. The blend includes many of the crested types with the large pin-cushion centers. Great cut flower.

officinalis Pacific Beauty Lemon

18-24 tall
by 12 wide

Color: *Bright Yellow*
July August September October

Very prolific cut flower. Used extensively by Tasha in our cut flower bunches.

officinalis Triangle Flashback

18-24" tall
by 12" wide
Sun

Color: *Pastel tones peach pink*
June July August September October

New! The latest color to be added to the Flashback palette. Unusual peach-pink blooms. Works well in gardens and containers, and has the nice long Flashback stem for use as a cut flower. The pastel tones offer a hint of relief from the bold colors at the end of summer. Organically grown. Ht. 18-24".

Callistephus

Aster

chinensis Irresistible Series

28-38" tall
by 18" wide
Sun

Color: *Mixed (no yellow centers)*
July August September

Earliest, tallest and most disease resistant variety we've found. Tried at Johnny's Selected Seeds in Albion, ME and found to be clearly outstanding. Vase life of nearly 3 weeks, no yellow centers, fully double 3-4" blooms. New for Spring Ledge in 2000.

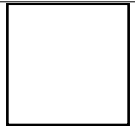

chinensis Matsumoto Blue & White

36 tall by
18" wide
Sun

Color: *Blue & white*
August September

Two inch blooms with distinct yellow centers. Grows well in most soils. Nice cut flower.

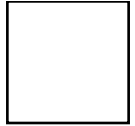

chinensis Matsumoto Mix

18-24 tall
by 12 wide

Color: *Mixed*
August September October

Heat and fairly disease tolerant plants with strong stems.

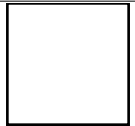

chinensis Opus

24" tall by
12" wide
Sun

Color: *White with lavender tips*
August September

Peony-flowered asters. Fluffy, ball-shaped flowers are white with lavender tips. Uniform plants yield abundance of blooms for cutting.

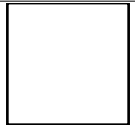

chinensis Serenade Mix

25-34" tall
by 12-18"
Sun

Color: *Mixed*
July August September

Spray-type habit makes easy work of bouquets. Semi-double, 2-2 1/2" blooms in red, carmine, rose, scarlet, blue, light blue and blue-tipped and rose-tipped whites, each plant bears dozens of flowers.

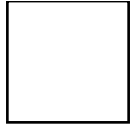

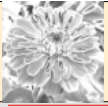

chinensis Tower Custom Mix

28" tall by
12" wide
Sun

Color: *Mix*
July August September

New for 2007 - Gorgeous mix of colors. Excellent uniformity in height and bloom time. Great cut flower.

Carthamus

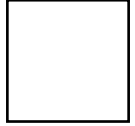

Saffron Thistle

tinctorius Orange Ball

18" tall by
12" wide
Sun

Color: Orange w/ red tips

Easily grown, great garden performer. Globe flowers are 1 1/2" wide. Orange with red tips. Used as a cut flower.

Celosia

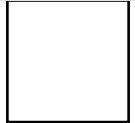

Cockscomb

argentea cristata Bombay Mix

18-24" tall
by 8-12"
Sun

Color: Mix
July August September

Grown in areas with long hot summers, round stems and flat triangular, 4" heads.

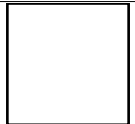

argentea cristata Bombay Purple

24-46" tall
by 18" wide
Sun

Color: Purple
July August September

Highest quality crested celosia. An early producer. Round stems and flat, triangular, 4" heads. Vase life of nearly 3 weeks.

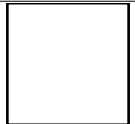

argentea hybrida Enterprise Wine Red

40-45" tall
by 12-18"
Sun

Color: dark red plume
July August September October

A new variety for SLF in 2001. Excellent addition for cut flower gardens. A central dark red plume is surrounded by a series of other upright plumes, giving the slender 6" spike a fuller appearance than other standard celosia.

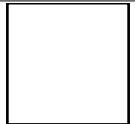

argentea plumosa Sylphid

24-30" tall
by 6" wide
Sun

Color: Greenish yellow
July August September October

Great flower bouquet filler.

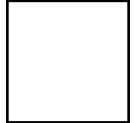

cristata Chief Mix

36" tall by
18" wide
Sun

Color: Mixed
July August September October

Tall cockscomb celosia ideal either cut or dried for bouquets.

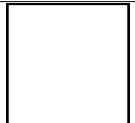

plumosa Pampas Plume

33-48" tall
by 18" wide
Sun

Color: Warm summer colors
July August September October

Perfect for cut flower filler. Masses of soft, feathery spikes in scarlet, orange, bright yellow, pink and cream. Multi-branching plants produce 10-14 stems per plant.

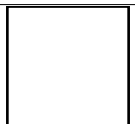

spicata Flamingo Feather

32 tall by
18 wide

Color: Coral
July August September

Novelty cut flower easy to grow. Deep coral pink blends to near white. Upright sprays.

Centaurea

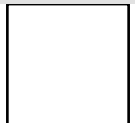

Bachelor Button

americana Jolly Joker

36 tall by
30 wide

Color: Rosy lilac
July August September

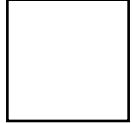

Striking cut flower with densely webbed buds. Long frilly petals surround short ray petals in the center.

cyanus Black Gem

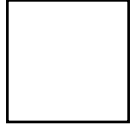

Ruffled dark maroon make this a stunning flower.

24-30" tall
by 12" wide
Sun
Color: *Ruffled dark maroon*
July August September

cyanus Blue Boy

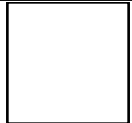

Used in our cut flower gardens with good success.

24-36 tall
by 12 wide
Color: *Deep Blue*
July August September

cyanus Frosted Queen

A versatile mix of colors. Unique of bi-colored petals.

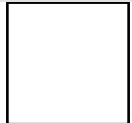

24-36 tall
by 12 wide
Color: *Purple, pink, white mixed*
July August September

Cerinthe

Cerinthe

major var. purpurescens Kiwi Blue Cerinthe

Little known bushy annual 12-18" really comes into focus when the cooler nights of late summer accentuate the colors. Grey green foliage and blue bracts with purple flowers. Tolerates heat, but likes cool weather and withstands light fall frosts.

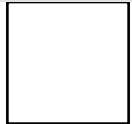

12-18" tall
by 12" wide
Sun
Color: *Grey green foliage/ purple blue*
August ~~September~~

Chasmanthium

Northern Sea Oats

latifolium

Northern Sea Oats is a popular ornamental grass which has remarkable dangling flat oat like seed heads that wave in the breeze. The grass is green turning brown in the fall. 3-4' tall clumping form. Found in woodland settings or naturalistic gardens. Partial shade to light sun evenly moist, well drained soils.

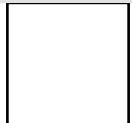

36 tall by
24 wide
Sun/Shade
Color:

Chrysanthemum

Chrysanthemum

coronarium Primrose Gem

A knockout for cut flowers. From Cook's Garden catalog. Pale yellow, one inch double pom-pom blooms w. sunny yellow centers. Finely cut, attractive foliage.

18-24 tall
by 12 wide
Color: *Pale Yellow*
July August September

Cleome

Spider Flower

hasslerana Queen Mix

Old-fashioned flower makes a great back-of-the-border plant and an unusual cut flower. Beware of thorny stems. Purple, pink, white flowers.

24-36 tall
by 18 wide
Color: *Mixed*
July August September October
