Alyssum *Lobularia maritima*

Blushing Princess

Fragrant flowers and blush lavender color make this plant a fantastic addition to your garden. Award Winner - Fragrant Flower - Heat Tolerant - Deadheading Not Necessary - Attracts: Butterflies - Garden Height: 4 - 8 Inches - Flower Colors: Purple

Pale Pink tall by wide

Bloomtime April May June July August September

Clear Crystal Lavender Shade

Gardeners and landscapers will enjoy the fragrant, large blooms and stronger performance in containers and in-ground plantings. A mix of lavenders, Crystal Clear Lavender Shades attracts butterflies, bees, and other pollinators with low maintenance, fragrant blooms. Makes a great border for annual, perennial, or vegetable gardens.

Lavender shades 6-10" tall by 8-14"

Bloomtime May June July August September October

Clear Crystal Mix

Gardeners and landscapers will enjoy the fragrant, large blooms and stronger performance in containers and in-ground plantings. A mix of lavender, purples, and whites, Crystal Clear Mix attracts butterflies, bees, and other pollinators with low maintenance, fragrant blooms. Makes a great border for annual, perennial, or vegetable gardens.

Mixed 6-10" tall by 8-14"

Bloomtime May June July August September October

Clear Crystal Purple Shade

Gardeners and landscapers will enjoy the fragrant, large blooms and stronger performance in containers and in-ground plantings. Clear Crystal Purple attracts butterflies, bees, and other pollinators with fragrant, deep purple blooms. Makes a great border for annual, perennial, or vegetable gardens.

Purple Shades 6-10" tall by 8-14"

Bloomtime May June July August September October

Clear Crystal White

Gardeners and landscapers will enjoy the fragrant, large blooms and stronger performance in containers and in-ground plantings. Clear Crystal White attracts butterflies, bees, and other pollinators, with fragrant, snowy-white blooms. Makes a great border for annual, perennial, or vegetable gardens. One of our most popular varieties.

White 6-10" tall by 8-14"

Bloomtime May June July August September October

Snow Princess

No deadheading necessary. This plant is sterile so it will bloom all summer without deadheading. Trails up to 24". Attracts bees and butterflies.

White 4-8" tall by 12-18"

Bloomtime April May June July August September

Violet Knight

The Knight lobularia are wonderful multi-season plants. Improved heat tolerance. Blooms from spring until frost.

Purple 4-8" tall by 12-18"

Bloomtime May June July August September Octob

White Knight

Fragrant white flowers on a heat tolerant plant. Long blooming, attracts bees and butterflies all summer and into fall. Trails up to 24".

White 4-8" tall by 12-18"

Bloomtime May June July August September

Amaranth *Amaranthus tricolor*

Carnival

A festive combination of hot summer colors explode in gardens and landscapes. A striking foliage plant with fiery shades of yellow and red contrasting with bronze leaves. Tall, purple flowers are produced in late summer. A focal point for any display.

Purple 48" tall by 10-12"

Bloomtime August September

Early Splendor

Early Splendor has gorgeous chocolate colored leaves that are topped with brilliant crimson. This spectacular foliage plant excels in heat and humidity, and provides color very early in the summer as soon as temperatures get warm clear up until frost season begins. Growing to 24 inches tall, this variety of Amaranthus grows in full sun to part shade, and looks terrific grown in clusters or in borders as a contrast with other foliage plants.

Bright Red Foliage 24" tall by 12" wid

Bloomtime July August September

Emerald Tassles

Ropes of lime green-colored, trailing blooms. Fantastic color and texture for fresh bouquets or large containers. When dried, the blooms turn from green to a light tan color that works well in fall arrangements. Ht. 36-60".

Green 36-60" tall by 12-1

Bloomtime July August September October

Hot Biscuits

Gorgeous burnt orange color. A tall, graceful amaranth. Nice in the back of the garden with warm color that adds to harvest arrangements and bouquets.

Burnt Orange 40-48" tall by 18"

Bloomtime July August September

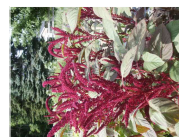

Opopeo

Colorful spikes resemble a jester's cap. Striking bronze foliage. Original seed from the Mexican village of the same name.

Bronze foliage, maroon fl 70-78" tall by 36"

Bloomtime July August September October

Anagallis *Anagallis monellii*

Wildcat Blue

From the breeding program at the University of New Hampshire comes this groundbreaking new series of early, compact, large-flowered Anagallis. A more compact and earlier flowering form, this exciting new true-blue 2 2/3" flower is perfect for hanging baskets and containers, but also works well as a landscape plant.

True Blue 6-12" tall by 6-8" w

Bloomtime May June July August September

Wildcat Mandarin

From the breeding program at the University of New Hampshire comes this groundbreaking new series of early, compact, large-flowered Anagallis. A more compact and earlier flowering form, this exciting new salmon orange 2 2/3" flower is perfect for hanging baskets and containers, but also works well as a landscape plant.

Orange 6-12" tall by 6-8" w

Bloomtime May June July August September

Angelonia *Angelonia augustifolia hybrid*

Angelface Blue

A favorite Angelonia from Proven Winners for containers or in the garden. Somewhat compact with upright habit. Abundant spire-like blooms all season. Loves heat and sun.

Blueish purple 18-24" tall by 8-12

Bloomtime May June July August September

Angelface Perfectly Pink

Angelonia Perfectly Pink is a favorite for containers and garden beds. This compact pink Angelonia blooms all season long.

Pink 10-12" tall by 8-10

Bloomtime May June July August September

Angelface Steel Blue

Angelonia Angelface Steel Blue is a vigorous grower, producing tall, dusty lavender flower spikes that keep going all season. Angelface Steel Blue is great as a standalone plant or part of a combination, and works well in containers or landscape.

Lavender 18-30" tall by 10-1

Bloomtime May June July August September

Angelface Super Blue

Deep blue flower spikes on large plants make an incredible statement in your garden or a large planter. Heat and drought tolerant plants. Best Angelonia for cutting.

Blue 30-40" tall by 10-1

Bloomtime May June July August September

Angelface Super White

Brilliant white flower spikes on large plants. Stunning in large containers or as a bedding plant. Heat and drought tolerant. Best Angelonia for cutting.

White 30-40" tall by 10-1

Bloomtime May June July August September

Angelface Wedgewood Blue

This large and beautiful blue flower has a garden performance that makes an exciting addition to your summer flowering collection.

Blue 18-24" tall by 12"

Bloomtime May June July August September

Angelface White

A favorite Angelonia from Proven Winners for containers or in the garden. Somewhat compact with upright habit. Abundant spire-like blooms all season. Loves heat and sun. Can be used as a cut flower, although other taller varieties may provide longer stems.

White 18-24" tall by 12"

Bloomtime May June July August September

Angelface White Cascade

The cascading habit of this Angelface Angelonia is perfectly suited for hanging baskets and combinations. The plants have height on the top of the pot, but then cascade over the edge as well. In containers it will function as both a filler and spiller. Their heat tolerance makes them an excellent choice for gardeners who live in climates with hot summers.

White 8-12" tall by wide

Bloomtime June July August September

Serena Mix

Heat loving, snapdragon-like flowers bloom all over the plants in mid to late summer. No deadheading required. The first angelonia series from seed rivals the quality of the vegetatively propagated angelonias.

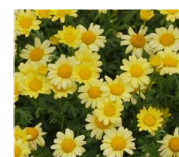

Mixed pinks, purples, wh 10-12" tall by 12"

Bloomtime June July August September

Argyranthemum *Argyranthemum x.*

Beauty Yellow

This old-fashioned favorite is sure to attract attention. Feathery foliage compliments a non-stop display of colorful daisies.

Yellow 18-30" tall by 14"

Bloomtime May June July August September Octob

Golden Butterfly

This is the golden yellow version of venerable Butterfly Marguerite Daisy. The large daisy flowers thoroughly cover the plants all summer, no deadheading needed.

Golden Yellow 18-36" tall by 14"

Bloomtime May June July August September Octob

Pure White Butterfly

Pure White Butterfly Argyranthemum is a reliable, continuous bloomer. The large daisy flowers are a lovely crisp, clean white flower with a bright yellow eye.

White with Yellow Eye 18-36" tall by 10-1

Bloomtime May June July August September

Artemesia *Artemesia x*

Sea Salt

This Artemisia has feathery, silver-gray foliage, making it a perfect accent plant for containers of colorful annuals.

6" tall by 12" wide

Bloomtime

Artichoke *Cynara cardunculus*

Cardoon

This silvery green plant produces an artichoke-like bloom in late summer that slowly opens to a lavender blue flower. Foliage is thick and fleshy, with deeply cut leaves providing lots of texture. This plant makes a statement, either as an addition to an annual or perennial garden, or in a large container.

silver foliage 36" tall by 24" wid

Bloomtime September October

Aster *Callistephus chinensis*

Benary's Princess Formula Mix

A newly reselected mix of princess type garden asters with great plant habit and vigor. Rubular flowers with a light center surrounded by a ring of broad petals. Eleven colors.

Mixed - 11 colors 28" tall by 12" wid

Bloomtime August September

Pot & Patio

Dark green, bushy, uniform, dwarf plants produce fully double, rounded, 2 1/2" blooms in pinks, whites, and purples.

Mixed 6-8" tall by 6" wide

Fuchsia *Fuchsia x.*

Blue Eyes

Partial shade and trailing variety. Red sepals over double orchid corolla. Excellent in hanging baskets, shade window boxes.

Red sepals over double o trailing tall by 4" w

Bloomtime May June July August September

Dark Eyes

One of the most popular varieties. Double purple flowers with rose-red sepals; flower freely on trailing plants. Prefer cool, shady areas. Pick off spent blooms to encourage more flowering.

Deep Purple/Red trailing tall by 4" w

Bloomtime May June July August September

Gartenmeister

An upright fuchsia with single, orange, trumpet flowers and dark, attractive purplish foliage. Flowers non-stop all season, producing a tremendous number of flowers. Heat and sun tolerant.

Orange/purple 24-30" tall by 16"

Bloomtime May June July August September

Marinka

Trailing type fuchsia good in partial shade with red sepals over a red corolla. Beautiful flowers.

Red sepals over single re trailing tall by 12"

Bloomtime May June July August September

Southgate

Trailing partial shade fuchsia. Pale pink sepals over double pink corollas.

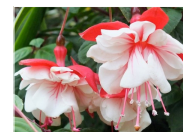

pale pink over double pin trailing tall by 6" w

Bloomtime May June July August September

Swingtime

Most popular variety. Double white blooms with pale red sepals appear late. Vigorous habit. Prefer cool, shady areas. Pick off spent blooms to encourage more flowering.

White/Red sepals trailing tall by 4" w

Bloomtime May June July August September

Gaura *Gaura hybrid*

Karalee Petite Pink

Dark pink flower spikes with dark foliage. Early bloomer with nice branching. Frost resistant. A heat-loving wonder that blooms all summer, 'Karalee Petite Pink' has spurred, bright pink flowers that hover like butterflies above the deep red foliage. This one starts out very compact in the pot but gains height in the garden.

Dark Pink 18-22" tall by 18"

Bloomtime May June July August September

Sparkle White

Sparkle White gaura will bring a touch of airy elegance to the garden with its long slender stems sporting a large number of dainty white flowers tinged with a pink blush. This beauty is perfect mass planted in sun-drenched landscape beds, in groupings with other perennials or in larger containers. Home gardeners will appreciate that this season-long bloomer also has excellent heat tolerance and a more uniform flowering habit than other seed gauras. Commercial growers can utilize 'Sparkle White' as a first-year flowering perennial or as an annual, showing its wide range of uses.

White 12-24" tall by 12-1

Bloomtime June July August

Stratosphere White

Graceful stems bear non-stop white flowers through the summer. Heat and shade tolerant plants that work great in the garden or in mixed containers. Plant in full sun for best flowering.

White 18-30" tall by 12-1

Bloomtime June July August September October

Gazania *Gazania rigens*

New Day Mix

Free-flowering, compact, 8 to 10 inch plants deliver a carnival of 3 to 4 inch blooms in bright hues of pink, bronze, orange, white and yellow, many striped multicolored and picoteed. Flowers open wide during the day and close as night. Drought-tolerant series performs beautifully in containers and baskets, and as a garden edging or groundcover.

Mix 8-10" tall by 6" wid

Bloomtime June July August September October

New Day Pink Shades

Drought tolerant, performs well in containers and baskets, and as a garden edging or groundcover. More uniform flowering than other series. Compact, sturdy plant habit. Pink shades.

Pink Shades 8-10" tall by 6" wid

Bloomtime May June July August September Octob

Early, compact dwarf with double anemone shaped flowers.

Yellow 8-10 tall by 6-8 wid

Bloomtime June July August September

Marigold - Signet *Tagetes tenuifolia*

Lemon Gem

This little flower packs a punch with its growing habit and its fragrance! Great for the edge of the garden and doubles as both filler and foliage! Tiny single flowers literally cover the compact mounds of fern-like foliage. We like signets used in annual bedding, especially where the plants can creep over a wall, much like creeping phlox. Also good for hanging baskets.

Yellow 9-12" tall by 8" wid

Bloomtime June July August September

Tangerine Gem

Bite sized to use as an edible garnish or in the flower bouquet. Great for borders as well. Hundreds of petite single flowers cover neat, low mounds of lacy foliage with a citrusy scent.

Bright orange-yellow 9-12" tall by 8" wid

Bloomtime June July August September

Mecardonia *Mecardonia grandiflora*

Garden Freckles

Masses of tiny yellow blossoms carpet the delicate, creeping foliage of Garden Freckles Mecardonia. This plant can be used as a ground cover in annual garden beds or as an addition to mixed containers or hanging baskets.

Yellow 4-6" tall by 10-12"

Bloomtime May June July August September

Mexican Sunflower *Tithonia rotundifolia*

Torch

One of the most heat-resistant flowers. Native to Mexico and Central America. Named for Tithonia, the lover of Auruora, goddess of dawn.

Salmon 14" tall by 8" wide

Bloomtime June July August September

Wendy's Wish

Vivid magenta tubular flowers with fluted tips will attract hummingbirds in droves from late spring until fall! Large glossy foliage and a compact, slightly open habit make this evergreen shrub perfect for border plantings, perennial beds or patio containers.

Pink 3-4' tall by 2-3' wide

Bloomtime June July August September

Sanvitalia *Sanvitalia speciosa*

Sunbini

Full, lush, vigorous habit makes this a showstopper for summer containers. More compact than other Sanvitalia varieties and it loves hot, dry, abusive weather.

Sunny Yellow 6-8" tall by 8-12" w

Bloomtime June July August September

Scabiosa *Scabiosa atropurpurea*

Olympia Mix F1

Attractive flowers are great for cutting. 2-3" flowers with long, wiry stems. Shades of lilac, scarlet, dark red, rose, blue and violet. A great cut flower that we have grown in our cutting garden for years.

Mixed lilac, scarlet, dark 30" tall by 12" wid

Bloomtime July August September

QIS Formula Mix

Sturdier and more upright than other Scabiosa. 1 1/2-2 1/2" blooms are salmon red, dark blue, and salmon pink. Heat tolerant plants. Sturdy stems makes a great cut flower.

mix 24-36" tall by 18"

Bloomtime June July August September

Starflower

Star-shaped seed pods. Pincushion type flowers give way to intricate, round seed heads.

Gold white 24" tall by 12" wid

Bloomtime August September

Scaevola *Scaevola x.*

Whirlwind Blue

More is better, especially when it's more flowers that bloom longer than other Scaevola varieties. Besides fantastic, deep blue color, 'WhirlwindT Blue' also has the characteristic Whirlwind compact, well-branched habit, and ability to tolerate a range of conditions.

Blue 12" tall by 24" wid

Bloomtime May June July August September Octob

Whirlwind Pink

Whorls of mid-pink blooms on heat and drought resistant plants. Pair with another color of Whirlwind Scaevola for a low-maintenance combination. Trails up to 24".

Pink8-14" tall by 24 wid

Bloomtime May June July August September Octob

Whirlwind White

Strong plant is very durable and loves sun and heat. Blooms all summer and through the fall. Cascading/trailing habit works well with mixed containers, in beds, over rock walls, in window boxes and on and on.

White10-14" tall by 16-2

Bloomtime May June July August September Octob

Sedum *Sedum x*

Lemon Coral

The spikey chartreuse foliage looks like it would be tough and prickly, but is actually quite soft and "petable." It is wonderful in landscapes and is an outstanding container plant, where it will fall over the edge of containers. It loves heat and can tolerate dry soils, although average moisture will keep it looking fresh. Lemon Coral is grown for its lovely foliage, although if you are lucky it may bloom as well.
